

Public Health
England

Are you 24 weeks or more pregnant?
Have you been diagnosed
with COVID-19 during
pregnancy?

We are recruiting pregnant women who have had COVID-19 during pregnancy in order to understand what effects this may have had on their pregnancy and their baby.

If you would like to take part please contact your midwife or obstetrician for more information.

For further information, please visit www.pericovid.com or contact periCOVID@PHE.gov.uk
